# ACROSS AMERICA

## 'FREE ADVICE' NEW YORK STYLE

Anything is possible on a spring stroll through Central Park. And what better place to get some FREE ADVICE than here?

We have studied this photograph carefully and believe there is a 60% probability that the man on the left is either George W Bush or Nancy Pelosi in male drag.

## 'NICE ICE?'

Only in America could anyone be this proud of their commercially produced ICE. I found this proud as the North Pole sign in Benkelman, Nebraska.

## THE LEANING TOWER of CAHONE

Contrary to the rest of the country, this structure seems to be leaning to the right.

Of course, had the image been taken from the other end, a totally different outcome might have been achieved.

## OUT WITH THE OLD...IN WITH THE NEW at GATEWAY, COLORADO

A decade after the Discovery Channel's founder, JOHN HENDRICKS, bought thousands of acres around Gateway, Colorado (in order to 'save it,' the little backroads community bears little resemblance to the place it once was. A massive faux adobe hotel/lodge sits across th street from an old cabin If Hendricks ever asks to save me, tell him I already went to hell...JS

## FREE TOILET!

Now THIS is America...No sense letting a good crapper go to waste. This free offering was seen by the side of the road near BEATTYVILLE, KENTUCKY.
