Basin and Range Watch is a group of volunteers who live in the Western United States, working to stop the destruction of our desert homeland.

Industrial renewable energy companies are seeking to develop millions of acres of unspoiled habitat in our region. Our goal is to identify the problems of energy sprawl and find solutions that will preserve our natural ecosystems and open spaces. We support renewable energy but advocate for better national and state planning.

Sore No More! is a fast acting pain relieving gel that begins to work immediately once massaged onto affected areas. For years Sore No More! Has provided temporary relief of pain associated with simple backaches, arthritis, bruises and sprains with its unique heating and cooling ingredients. Our special blend of six natural plant extracts in combination with menthol, capsaicin and witch hazel will get rid of pain the natural way
