HERB RINGER came West from his home in New Jersey in 1939. Camera in hand, Herb captured the American West, from the Canadian Border to the Rio Grande and from the Big Sur coast to the High Plains.

We believe Herb's collection of Life in the West is one of the finest. His work has been published in The Zephyr for 20 years. I am pleased finally, to offer Herb's photographs in color. We are also building a new 'album' of his work, elsewhere on this site.

WHY READ THE ZEPHYR?

"If a nation expects to be ignorant and free, it expects what never was and never will be...The people cannot be safe without information. Where the press is free and every man able to read, All is safe."

Thomas Jefferson
